

# APCTP LECTURE

## Dark Energy Changes Everything

### Prof. Paul Steinhardt

*Director of the Center for Theoretical Sciences at Princeton*

**Aug. 25 (Tue) 15:00**

**#503, Hogil Kim Memorial Bldg.**

**& ZOOM Webinar**

### Abstract

The talk will describe how the discovery of dark energy is forcing a reconsideration of everything from string theory to inflation to the future evolution of the universe.
